Hi MSOD Families!

This month we will be sending out our class recommendations to all our current dancers. This is a list of classes that are age and level appropriate for each dancer. We wanted to take a moment to give our families a quick explanation of why we send these out and what these recommendations mean. We also want the registration process to be an easy, stress-free experience so we will be setting up a new registration process. We love that our families want to continue dancing with us each year but felt that last year with the long lines and many families stressed over getting their dancers into their current classes we wanted to make this process easier. Our main goal is to find ways that help our families have the best experience possible here at MSOD, when it comes to recital tickets (offering the option of lottery or ticket day), recital show times (offering 4 shorter shows with no intermission) and now registration.

The first reason we send out class recommendations to our families is that we feel that this helps make the registration process easier for you and takes the guesswork out of what classes are available for your dancers based on their level and age. These recommendations also help to alleviate added time and stress on our families by listing these classes in one easy-to-read form.

We also feel these recommendations help our dancers find other classes that they may be interested in adding to their current classes or new classes that they may not have known that we offer for their age. Placing classes on your dancer's recommendation forms that they are not currently enrolled in is just a suggestion based on what our teachers see in the classroom or for some students, what they may have expressed interest or inquired about in class to their teacher. We never want to overwhelm our dancers and we truly believe the best way to keep our dancers dancing is by adding classes a little at a time. Even if they want to join them all or jump into many new opportunities at once we strongly suggest taking it slow. We feel this is the best way for our dancers to enjoy dance for many years to come.

If your dancer expresses interest in a class that we did not place on their recommendation, please be sure to come talk to us. Just because it is not on their recommendation does not mean that they aren't ready, it may just be that we have not heard them express interest in additional classes. We want to have an honest conversation about what we feel would be most beneficial for your dancer and where we feel they would gain the most confidence and technique at this time. We realize that other extracurricular activities will often place students in a multitude of classes and sometimes make them commit fully to that one activity. Here at MSOD we want our dancers and parents to have total faith in our program and to know our number one priority is the happiness of our dancers. To achieve this, we want to know what your dancer is feeling when it comes to their dance journey. After receiving your dancers' recommendation, please let us know if you have any questions or if you would like to have a conversation with us. Always here to answer any questions you or your dancer may have.

2024-2025 Fall Registration for our current students will begin on Monday April 1st. As we mentioned before, registration for the fall will be a little different. We are going to hold each dancer's current class day for the first week. These classes will be on your dancer's recommendation forms. This means all current dancers in 1st grade and up will have the first chance to register for the same classes/day they are currently enrolled in, these classes will only be held Monday April 1st to Saturday April 6th. Starting on Monday April 8th those spots will be

opened to all and filled on a first come first serve basis. All Creative Movement, Pre-School and Kindergarten dancers will have all classes listed on your forms and will be first come first serve for all dancers also beginning on April 1st. All high school dancers will have your class day/time listed on your forms. Dancers currently enrolled in our acro, contemporary and classical classes will be placed in the same level until registration is complete then based on enrollment you will be placed in the level that is the best fit for you. We hope by making this change to our registration process will help with the long lines on day one of registration and be a bit less stressful for our families.

Thank you for being a part of our MSOD family, we hope you and your dancer are enjoying your dance experience with us!

Dancing Yours,

Michelle
